

## Tribute Pages

A tribute page on our website allows you to place a photograph and convey information about the funeral service. Each tribute page has a tribute book where family and friends from anywhere in the world can read and place messages at no cost.

You can include eulogies and speeches read out at the funeral service or tributes that have been sent to you. There is no restriction to the amount of text that can be placed.

For your security all comments and images on our site are checked by the funeral home or tributes administrator before being uploaded to the website to ensure all content is appropriate.

Tribute pages, books and service sheets (if loaded) can be printed by family and friends at any time.

After the initial 3 months, the family will get an email each time a comment has been added to their tribute book.
